

The Most Important Election of Our Lives  
A Statement by the Wellstone Democratic Renewal Club

Defeat Donald Trump  
Support Joe Biden and Kamala Harris  
Help to Flip the Senate

It is hard to overstate the disastrous consequences to our people and our country if Donald Trump is re-elected as president of the United States. The bottomless list includes prolonging the COVID-19 pandemic, undermining the right to vote, continuing to stack the judicial system with right-wing ideologues, supporting and organizing violence against African Americans, immigrants, and people of color, accelerating environmental destruction in favor of fossil fuels and mineral extraction, threatening Social Security, undermining the economy, and bringing to the foreground the most racist and reactionary forces in the life of this nation.

The United States may not emerge from a second Trump term as a functioning democratic country.

Defeating Trump also requires the projection of a positive future that can unite the American people: Medicare for All, a Green New Deal, and a foreign policy that's based on peace and economic development rather than militarism and endless war.

Although California is a safe Democratic state in the presidential race, we will be voting on some pretty essential state propositions and local offices. The Wellstone Democratic Renewal Club endorsements are on our [website](#) and in this pamphlet.

But please make time to help flip swing states for Joe Biden and Kamala Harris, support Democratic Senate candidates who are trying to defeat incumbent Republicans, and, most of all, help people in swing states to both register and vote. You can contact [Flip the West](#), [Seed the Vote](#), [Indivisible Berkeley](#), or your favorite organization to make phone calls, write postcards, and other activities that suit your preference. But PLEASE DO SOMETHING. Our Lives Are at Stake.
